The Classification and Evaluation of Proposals section of the RFP states:

After an evaluation of the offeror interviews and/or product demonstrations, the selection committee will recommend a contract award, which the procurement officer will communicate to the offeror selected. If the offeror does not accept all material terms of the County contract, the County may move to next ranked offeror or cancel the RFP.

Question:

Would the County be willing to sign the selected vendor's contract (which can be made available for review during this proposal process), or is the vendor instead required to sign the County's contract without exceptions?

Answer:

The preference would be to use the county contract rather than trying to modify the vendor's contract. Recognizing Missoula County has gone with vendor contracts in the past and modified them accordingly. Missoula County is not opposed to at least leaving the option of using the selected vendor's contract, so long as that option is open and conveyed to all prospective vendors
